A Safer Life

ANTI-CUT HANDLING GLOVE BUNKER - GANO408

- Cut-resistant glove "F" with seamless coated palm
- Made of nitrile foam with "3D stretch system"
- Certified for 5 washes at 60°C

ADVANTAGES

High tear resistance thanks to reinforced index thumb area

38% lighter than "F" cut-resistant products on the market

Excellent cut resistance

18 gauge, excellent dexterity for an "F" cut-resistant glove

Anti contact heat level 1 = 100° celcius

Antistatic EN16350

Microporous foam coating for improved grip in wet conditions, enabling use of touch screen systems

Stretch 3D System knitting reduces hand fatigue during prolonged use

FULL DESCRIPTION

- Seamless 18-gauge knitted glove
- Stretch 3D System knit, OEKOTEX® fiber
- Elastic knit in UHMW-PE reinforced with stainless steel wire
- Sandblasted microporous nitrile foam coating
- Nitrile reinforcement notch thumb index zone
- Touch screen on 5 fingers
- Dimensions: length (mm) min 220 to 270 mm
- TDM when new = 37 Newtons
- After 5 washes and dry cycles at 60°C, protection level "F"/A6 (± 33 Newton), i.e. 3338 g over 20 mm (test report CTC: S250607029-2)

PRACTICAL INFORMATION

- PACKAGING: box of 10 bags of 12 pairs, i.e. 120 pairs
- MINI CDE QUANTITY: 12 pairs
- COLORS: blue
- SIZES: 6 to 11
- DEADLINE: order confirmation
- MAXIMUM STORAGE: 5 years from date of manufacture
- STORAGE ADVICE: away from natural light
